STANDARD

Mr. and Mrs. C. P. Dahl and family, who are leaving next week to make their home at Newcastle, where Mr. Dahl has purchased a grocery business have been honored by various functions and gifts before their departure from Standard.

Mr. Dahl is one of the early pioneers of the Standard District, and has held many Public Offices during the years of his residence at Standard. He has been a Member of the Town Council of Standard, and served as Mayor for a Term; member of the School Board, Chairman of the Welcome Home Committee for the District, Past District Deputy and Grand Master of the Masonic Lodge.

Mrs. Dahl is a Past Matron and present Organist of the Standard Chapter O. E. S. She was honored at the June meeting of the Ladies Aid when the Members presented her with a Corsage and a book "Christ and the Fine Arts."

Miss Marilyn Dahl was also honored when the W. I. Girl's Club presented her with a framed picture. At another party, a weiner roast held in the Rosebud Picnic Grounds, she received a Signet Ring from a group of friends. The school friends of Miss Carolyn Dahl presented her with a gift prior to her departure.

Mr. and Mrs. Dahl, and family, have taken an active part and keen interest in all community affairs, and they will be greatly missed in the Standard District.

MASONS HONOR MEMBERS ON THEIR DEPARTURE

The members of the Standard Masonic Lodge, and their wives, and Members of the Standard Chapter, O. E. S. met in the K. P. Hall on Tuesday, June 25th to honor, on their departure, Mr. and Mrs. C. P. Dahl, Mr. and Mrs. Harry Malcolm, and Mr. Milo R. T. Shaw, all of whom move in the near future to make their homes elsewhere.

The evening took the form of a Banquet and Social Hour following. Quantities of garden flowers were used to beautify the tables and the Hall. F. D. Knowlton was chairman for the evening's entertainment, during which there were readings, vocal solos and a piano solo. Norman Watson presented Milo Shaw with a fountain pen and Master Mason's Apron, gifts of the members of the Masonic Lodge.

Mr. and Mrs. Malcolm were presented with an occasional table by Norman Bragg, and Mr. E. A. Wagler made a similar presentation to Mr. and Mrs. Dahl.

Mr. Shaw and Mr. Malcolm will go to Vancouver and Edmonton to continue their University Courses, and the Dahl Family will make their new home at Newcastle, Alberta.

WEDDING

HENDERSON—ENEVOLDSEN

Central United Church, decorated with gladioli and ferns was the scene of a very pretty wedding Friday June 22, when Lorraine Carroll, only daughter of Mr. and Mrs. Thos. Enevoldsen of Standard became the bride of Douglas William Henderson eldest son of Mrs. Julius Anderson of Calgary.

The bride given in marriage by her father, looked very lovely in her semi-colored white taffeta wedding gown trimmed with sequins. She wore a Queen Ann headdress with floor-length veil and carried a bouquet of rapture roses and swansonia.

Miss Benita McGowan of Standard and Miss Marie Moody of Calgary were bridesmaids. The former wore a pink lace floorlength gown with pink head-dress and carried kokomo carnations and bachelor buttons, the latter wore a floor-length gown of blue lace with blue headdress and carried a bouquet of pink carnations and bachelor but-

Learning to Do by Doing

These girls are a few of the many members of Homemaking Clubs, part of the great national youth organization known as the Farm Boys' and Girls' Clubs of Canada.

Here they are shown working on a clothing project. The members of these Homemaking Clubs number more than 10,000, and, in addition to several other activities, make many of their own articles of clothing which are the last word in style and good workmanship.

tons. The matron of honor was Mrs. Ross Stuart of Calgary; she wore a yellow floor-length gown of net & jersey with a matching headdress and carried a bouquet of orchid lilies and white gladioli.

Little Fay Collins, the bride's cousin was flower girl and wore a blue taffeta gown made floor-length with ruffles and carried a nosegay of sweet-peas and bachelor buttons. Colin Grant a cousin of the bride was ring-bearer.

Mr. Norman Henderson was his brother's best man. Mr. Lyle Enevoldsen, brother of the bride and Mr. Andrew Chisholm were the ushers. The bride's mother wore an after-

noon dress of robin's egg blue with matching hat. Her corsage was of pink roses.

The groom's mother wore an afternoon dress of navy and white with matching hat and her corsage was of pink roses.

A reception for 80 guests was held at the Labor Temple after which dancing was enjoyed. Mr. and Mrs. Douglas Henderson left for a honeymoon trip to Banff and on their return will reside in Calgary.

The mayor and council of Standard are having red clenders hauled and put on the streets of Standard.

HIRTLE'S

M. D. BOW VALLEY

(Continued from Page One)

Wheatley moved that Mr. Stanley Hall be notified that we contemplate straightening the road West of the N. W. 25-23-24th. and that it is necessary for us to request that he lower the water in his dam on the N.W. 25-23-24th. so that the water will be drained off the road-allowance. Carried.

Wheatley moved that the monthly cash statement for May 1946 be received and recorded in these minutes. Carried.

Wheatley moved that assessment notices be held up until the assessments on our boundaries are reasonably uniform. Carried.

Wheatley moved that Messrs McArthur and Harwood be a committee to inspect the Home for the Aged or Infirm operated by the Salvation Army in their Gleichen Eventide Home. Carried.

P. F. A. Complaints

E. R. Jensen, E. J. Jensen, G. H. Collins and Edward Hasmusen were now heard. They complained that they had received no 1945 Prairie Farm Assistance Awards.

Wheatley moved that our Municipal Association Solicitor be written for an

opinion on (g) of Section 6 of the Regulations under the Prairie Farm Assistance Act. Carried.

Wheatley, The Superintendent, Dept. of Agriculture, Regina, Sask, he given written details of the four complaints received to-day and the no 1945 P. F. A. awards to these men protested for the reason that none of these men's irrigated acreage revenue reached the value of \$12.00, per acre. Carried.

Wheatley moved that the entire cost of snowplowing the winter of 1945-1946 be charged to our General Roadwork Account. Carried.

Wheatley moved that Messrs Harwood, Hartell and Wheatley be a committee to supervise our current gravelling projects and that they take their turns as found convenient at this work. Carried

Harwood moved that we pay W. J. Veyers 5c per cubic yard for the gravel to be taken from the pit on E. 45-26-24th. the season of 1946. Carried.

Harwood moved that application be made to the Dept. of Public Works for a \$3,000.00 School Van Route Grant. Carried.

4:30 p.m. Harwood moved that we adjourn. Carried.

It takes seven tons of raw material to produce one ton of aluminum.

NIGHTINGALE

—By Mrs. F. H.

In spite of very heavy rains caused by recent rains there was quite a gathering of friends of Mr. and Mrs. Henry Hilton at the hall last Thursday. They came there to do honor to this worthy couple who are leaving here very soon to make their home in Calgary.

Social conversation made the time pass quickly. Then tables were laid and a supper served. Mr. and Mrs. Hilton and their sons and their children were seated at the head table. After all had been satisfied Mr. E. M. Stoodley in a very neat address presented Mr. and Mrs. Hilton with a reading lamp and an electric iron and expressed the wish that they may have many happy years ahead to use them. They were given as a token of the high regard of Nightingale folks. Mr. and Mrs. Hilton each expressed their thanks and the crowd sang lustily "For They are Jolly Good Fellows."

Mr. and Mrs. Hilton came to Nightingale in 1910 with the colony of English settlers. They have been good neighbors to all and always had a warm friendly welcome for any who came their way. Auld Lang Syne was sung and all left for home. May Mr. and Mrs. Hilton enjoy many happy years in their new home.

Miss Mary Alice Kinney has accepted a position as telephone operator in Rockyford.

Mr. and Mrs. Art Farr Sr. returned from their trip to the coast. They do not care particularly for earthquakes as they were there when the rumbling and shaking occurred.

Mr. and Mrs. Wallace Miller returned Saturday afternoon from a three weeks trip in B. C. They called on old friends at Kelowna.

WEDDING

SLONAKER—DOWNIE

Rev. Hunt officiated at a very pretty wedding at the home of Mr. and Mrs. C. C. Slonaker last Saturday at 2:30 p.m. when their daughter Betty May became the bride of Maurice F. Downie of Carstairs.

The bride's sister Mrs. Robert Georgeson played the wedding march. For the occasion the bride wore a street length dress of pale blue with a shoulder tie veil. She carried a bouquet of deep pink roses. Her attendant was Miss Norma Stoness of Della, whose gown was of pearl grey; she carried yellow carnations. Mr. Duncan Rogers of Calgary was best man.

Immediately after the service a reception was held and about fifty guests were present. The lovely three tier wedding cake was the centre piece of the table.

For travelling the bride wore a pale blue dress with grey coat and navy accessories. The happy couple left for a honeymoon at Waterton Lakes.

On their return they will make their home at Tudor. We extend congratulations.

Mr. and Mrs. Duncan Rogers, Mr. and Mrs. Ellis Clark and Betty and Mr. and Mrs. Art Tschritter, all of Calgary, came to attend the wedding. From Carstairs there came Mr. and Mrs. Frank Downie, Mr. and Mrs. M. Riddle, Mr. and Mrs. J. A. Riddle, Mrs. S. Gladwin and Mrs. Himmelich, Mr. and Mrs. A. Georgeson and Mr. and Mrs. Robert Georgeson and Kenneth came from East Coulee.

The first aluminum ingots made in Canada were cast in 1901 at Shawinigan Falls, Quebec.

LANGDON

—By G. E. W.—

The Ladies Aid summer tea which was to have been held last Wednesday June 26th had to be cancelled owing to the rain.

The children of the Langdon School motored to St. George's Island last Friday to hold their picnic. The day was cloudy and cool after the recent rains, but what of that, when it's a school picnic, the children reported as having a wonderful time.

Eva Thomas is spending the holiday week-end with her parents, Mr. and Mrs. Frank Thomas, before leaving for the U. of A. for six weeks.

Mrs. Whitney entertained for her two sisters and father, who were visiting her from Carlsbad one day last week.

Mrs. C. Schmale and children were in Blackie last week visiting her parents.

Mr. and Mrs. Fred Taggaret and Janet are visiting at the home of Mr. Murray for the holidays.

Mr. and Mrs. Walter Allcock, are spending two weeks at Banff.

Ken Smart is in hospital where he underwent an operation for tonsils, we hope to see him home again soon.

We hear that Mrs. Moe is feeling better after being so miserable with Arthritis. We hope to see her out again soon and that she will be able to attend the W. L. meeting on Wednesday.

The Home and School Association meet this coming Tuesday. We are hoping for a good attendance.

Mr. and Mrs. A. Watson and family will be on holidays for two weeks.

Mr. and Mrs. Barron have had as

What Is a Boy?

(Herbert Smith, Portsmouth (Va.), Star Forum)

After a male baby has grown out of long clothes and triangles and has acquired pants, freckles, and so much dirt that relatives do not dare to kiss it between meals, it becomes a boy.

A boy can swim like a fish, run like a deer, climb like a squirrel, balk like a mule, bellow like a bull, eat like a pig, or act like a jackass, according to climatic conditions.

He is a piece of skin stretched over an appetite. A noise, covered with amudges.

He is called a tornado, because he comes at the most unexpected times, hits the most unexpected places, and leaves everything a wreck behind him. He is a growing animal of superlative promise, to be fed and watered and kept warm.

He is a joy forever, a periodic nuisance, the problem of our times, the hope of a nation. Every boy is evidence that God is not discouraged by Man.

Were it not for boys, the newspapers would go unread, and a thousand pictures would go bankrupt.

Boys are useful in running errands. A boy can easily do the family errands with the aid of five or six adults. The zest with which a boy does an errand is equalled only by the speed of a turbine on a July day.

The boy is a natural spectator. He watches parades, fires, fights, ball games, automobiles, boats, and air-planes with equal fervor but not the clock.

Boys faithfully imitate their dads in spite of all efforts to teach them good manners.

A boy, if not washed too often and if kept in a cool, quiet place after each accident, will survive broken bones, hornets, swimming holes, fights, and nine helpings of pie.

Aluminum one of the most important metals in the world today, was discovered little more than a hundred years ago.

their guests their daughter and son-in-law, Mr. and Mrs. Martin and family from Cowley, Alta.

SHADING THE FUTURE

The other day we overheard a pair of local citizens chatting on Main Street, and it developed that before moving to Strathmore, at one time or another both had lived in the same town before. And both were eager to ask the question first: "Well, and don't you like Strathmore better?"

Well, it seems, both did... decided. They mentioned two or three reasons for liking Strathmore better. And high on the list were the trees which we have here.

Everybody, of course likes the trees. But it brought something to mind. Its time now to plan for trees in the future for Strathmore... trees which will continue to give shade and shelter (and, we fervently hope, trees which will not give cotton.) These cottonwoods presently growing in town grow for some twenty years before they produce fluff, after which they continue to grow for some ten to fifteen years, giving on the average, an overall life of about thirty years, on the prairies.

Most of these trees are well into the fluff-bearing stage, and it would seem that they have only a few years left in which to serve. Would it not be wise to plan now for their successors, so that when the time comes we will not be wanting trees for some years while they grow up, but have some younger trees all ready growing?

Admittedly, it is too late this year to do any planting, but it is not too late to plan. Arrangements might be laid out for pulling tree stumps next winter when conditions permit, and replanting in the spring. Along the boulevards, alternate trees might be uprooted and replaced. The Town could make an assembly line job of this with a caterpillar.

Male poplars do not produce fluff; they could be used to replace uprooted trees, or slips from them might be grafted to present stumps. Some

hundreds of male slips were planted at a nearby experimental station this spring.

Falling poplars, maples, well pruned, make an excellent shade tree, and in the initial phases at least are very fast growing trees. American elm, Chinese elm, or the white ash, are all excellent trees, though somewhat slower growing.

An intelligently planned campaign for keeping trees in Strathmore, will go a long way towards keeping Strathmore an attractive town. It has worked hard to get its present trees... they should not be lost because of a lack of foresight.

UNDER THE STREET LAMP

Following a lapse of several years, The Standard is again glad to welcome to its columns Mr. P. E. O'Hooley. "Pat" as he has always been known, and his column "Under the Street Lamp," were favorites among readers of the Standard for some years, and it was with reluctance that they saw him drawn into the toils of the recent war.

Well acquainted in the Strathmore district, Pat has tried always to win friends. That he made so many is

Three times as many articles can be made from a given weight of aluminum as from the same weight of other metals.

OPTOMETRIST

D. Stewart Topley

503 Southam Building

CALGARY — ALBERTA

M7350

evidence of the fact that nothing but fun is intended in any of his writings. To our knowledge, Pat never "crusaded," never meant anything he wrote to carry a lash or sting.

We hope that, once again, Pat will take his place among the features which interest the many readers of The Standard, and continue to build friendship all along the line.

Protection of Waterways

Reprinted from the High River Times

This foothills district is closely concerned over any news involving protection of mountain streams. So the offer of the federal government to assume 100% of the cost of maintaining protection of water and timber on the eastern slopes of the Rockies, should be of great interest locally. We are practically at the source of streams which flow into larger rivers, and weave through the great plains across Western Canada to the Hudson Bay.

We have had a grandstand seat in observing the consequences of fire in destruction of timber, loss of wild life, and depletion of streams. We have experienced periods of uncontrollable flood, followed by very low water, largely the result of loss by fire of the vegetation which controls the run-off of melting snow in the spring. We know from observation the waste of precious water which occurs in mountain fires.

Almost every summer these fires rage in some areas in the foothills from the border into northern Alberta, with results very similar to what we have known in the case of the Highwood and its tributaries. This sum total of water loss, affecting the whole prairie country to the east, could be greatly reduced if an adequate, all-embracing policy of fire protection and reforestation were carried out.

The federal government stands ready to provide this service, subject to agreement of the province. In the first offer made, the Dominion asked for certain subsurface rights, but this condition has been withdrawn, and there seems no reason why Alberta should not immediately accept the federal offer.

After all, the protection of the foothill streams is only in part the responsibility of Alberta. Saskatchewan and Manitoba are no less concerned with getting maximum water supply from the mountain streams. The Dominion has planned a number of irrigation projects at tremendous expenditure, and in order to safeguard such investment the same government should have authority over the water supply clear to its source, which is the eastern slope of the Rockies.

Forest protection could be handled more efficiently as part of a national plan of conservation, than under separate provincial administration. Many fires which have started in B.C. have escaped across the frontier and wrought great damage in Alberta. Divided authority and varying methods of fire-fighting have resulted in delayed action and unnecessary loss. Competent fire guardians, strategically placed, and acting under the one authority could serve more effectively. And the same overall policy of conservation and reconstruction would include reforestation on a scale unlikely to be carried out by the province.

All Canada's resources are interwoven and interdependent. Forest conservation affects water supply. Water supply influences productivity of soil. All wild life of land, air or water is dependent on preservation of forests and streams. The true balance of nature preserves and restores. Man

has gone a long way in destroying the balance, and any step which is taken to restore it ensures a greater well-being for Canadians. Each province has certain interests distinctive to that province and admin-

istered by the province. But our streams know no such limits and boundaries. Their influence extends over the whole prairie Empire, and for this reason are the business of the Dominion.

CLUNY

By Mrs. A. E. C.

Over fifty friends of Cluny and district gathered at the home of Mrs. Ben Reimiche Friday afternoon, June 21st, to pay a farewell tribute to Mrs. Thelma Telford who is leaving Cluny for B. C. During the afternoon Marina and Donna Reimiche sang a hymn dedicated to the honored guest. A song quiz which followed was the main entertainment with the prizes going to Mrs. G. Beaudin and Miss A. Simard for first and the consolations to Mrs. Luke Simmon and Mrs. Haggarty. A delicious lunch was served afterwards by a number of the attending ladies. Miss G. Corbiell on behalf of the ladies presented Mrs. Telford with a lovely woolen bed throw and purse to

which Mrs. Telford responded very heartily. Everyone had a good time and wished good luck to Mr. and Mrs. Telford.

A large group of friends gathered at the station to bid Mrs. R. Telford and her three children farewell last Sunday night. They left on the train to join her husband near Cariboo, B. C. where they will take up new residence. Mr. and Mrs. Ralph Telford have been Cluny residents for years so every one joins in to bid them good luck.

Mr. and Mrs. Fred Fairbourn left on Tuesday, June 25 on their holidays to Peace River.

Miss Cathie Goldsmith arrived Saturday morning from overseas where she spent the past year in the army.

Miss Frankie Walters of Gleichen was visiting Mrs. I. Goldsmith a few days last week.

CARSELAND

By E. B.

Recent visitors to the Carseland Community are Mr. and Mrs. Cliff McKinnon who are visiting with the sister Mrs. M. Hansen. Cliff intends to have his wife see her first Stampede after which they will motor to the coast, where Cliff is opening a service station.

Mrs. Gehrke left Thursday for a trip to Great Falls Montana, where Mel is driller on an oil well.

Mr. and Mrs. Potter Sr. and son of Rumsey paid a visit last week to their son E. Potter and family of Carseland.

Miss Belle Goldsmith has quit her job nursing at Bassano hospital and is home with her mother visiting.

Our local principal is going to spend his vacation on his father's farm at Hussar, where he intends to brush up on some of the finer points of farming.

Carseland has been getting its share of hail this year but to date the damage has been of a minor nature as the crop has not advanced enough for a hail failure.

Verne Kruger left for Stettler last week where he is making arrangements for housing prior to moving. Good luck Verne and Betty in your new location.

Mrs. Harry Groves and Mrs. Hwingley are visiting their parents Mr. and Mrs. C. J. Christensen at the Coast.

Rev. Mr. Sieber and the Wilson family moved to Gleichen on Monday. We are not only losing a pastor who was held in high esteem by the community but also our local shoemaker Mr. Wilson. His quality work will also be missed.

Mr. and Mrs. Crowe of Cayley, formerly of Carseland were week end visitors.

H. Woods and family also paid us a surprise visit over the week end.

Gordon Lennox and Phyllis Burke spent the week end in Acadia Valley.

OBITUARIES

G. C. MELENDY PASSES

A tragic accident took the life of one of the best known citizens of this district on Friday morning, June 21st, when Mr. Galen Charles Melendy, 54, was killed as his car was struck by a west-bound passenger train one mile west of Carseland.

Death was instantaneous when the car Mr. Melendy was driving on his homeward way after an early trip to town was struck by the passenger locomotive. It appears Mr. Melendy failed to see the approaching train and drove right in front of its pathway.

He was an active worker in the community and the United Church, starting the first Sunday School with Mrs. Melendy after they came from Hudson, Indiana in 1904. He was an active member in Farmer's Organizations and also a Director of the Local Telephone Co. He will be greatly missed in the community. He leaves to mourn his loss his wife, two sons and one daughter. The sympathy of the whole community goes out to the bereaved family.

**AN INDUSTRY
Pledged
TO THE FURTHERANCE
OF AGRICULTURE**

Founded and developed on the basis of helpfulness to the farmer, the implement industry is entirely dependent on the prosperity of agriculture for its own success.

Through the years, the implement maker has, with quality of product and genuinely helpful service, won the high regard and goodwill of the users of his product. There are few farmers who do not value sincerely the service of the implement company.

The farmer and the implement maker have mutual interests in the welfare of agriculture and its progress towards higher standards and improved methods. Working for the common cause both have contributed much to the betterment of farming in general.

In the past, new developments in equipment have enabled the farmer to do his work in less time and at less cost. Such equipment has helped the farmer offset adverse conditions such as drought and soil drifting, to combat insect pests and other types of crop destroyers, and to replace manpower in times of labour shortage. The self-binder, the tractor and power farming machines, the one-way disc and the pull-type combine, each in its time has helped the farmer in making his efforts successful and profitable.

Achievements in the past have been notable and fruitful. Setbacks from time to time delayed but did not prevent the onward march of agriculture. And the future will bring advances in farming, too.

The self-propelled combine, perfected by Massey-Harris prior to the war, has opened up new fields of possibilities in implement engineering, and other new machine developments assure that, in his efforts to further improve agriculture, there will be available to the farmer equipment that will offer greater advantages in saving time, labour and expense. Massey-Harris is proud of its long association with the farmers of Canada in promoting the welfare of agriculture.

This Central Council of the Canadian Red Cross Society, hereby expresses its thanks to the medical, dental, nursing and teaching profession for their assistance and advice in the work of the Society throughout the war.

The Society pay tribute to the many thousands of voluntary workers and particularly to the women of Canada who made possible the outstanding achievements of the Red Cross during the past years.

SOMETHING NEW IN WRINGERS

A new domestic wringer, small and simple but of novel construction, has been put into production by a well-known United Kingdom firm. Although it has an overall length and roller length of only eighteen and twelve inches, respectively, it can stand an astonishing amount of hard work. Articles normally too wide to be accommodated without excessive folding present no difficulties. An outstanding feature is the use of the cantilever principle for mounting of the rollers; this construction, which makes for extreme simplicity and provides a number of advantages at the open end, is new to domestic machines of this type. In essential, it comprises a pair of high tensile steel tubes, each carried at the one end in the castings of light alloy. The castings are articulated as in a hinge so that they, and in turn the tubes they carry, may approach and recede from one another.

NAMAKA NOTES

The W. A. met at the home of Mrs. Loy Wheeler, June 20th with 11 members, the Rev. Hunt and two visitors. After the business was conducted, a social hour was held with Rev. and Mrs. Hunt as this was their last meeting with the W. A. Mrs. Loy Wheeler presented Mrs. Hunt with two cups and saucers with the best wishes of the members and spoke of the appreciation for their services and work with us and the happiness we have had together. Mrs. Hunt thanked the ladies and said she had enjoyed meeting with them and said she always tried to attend whenever possible. A delicious lunch was then served by the hostess. The next meeting will be Tuesday July 23rd, at Mrs. Hanson's home. Please note change of date.

Several families from Namaka attended the Church Service in Strathmore Sunday evening taking part in the celebration of the 40th Anniversary.

Cards of Thanks. In Memoriam notices, 50 cents per insertion not exceeding five lines. Over that space, 10 cents per count line.

Suggested wording for Cards of Thanks and In Memoriam notices may be obtained on application to the Strathmore Standard.

CARD OF THANKS

We take this way of thanking all our kind neighbors and friends for their beautiful floral tributes, expressions of sympathy, use of cars, and words of comfort during our recent and bereavement of a beloved husband and father who will be so sadly missed. We also wish to thank the minister, singers and falbearers for their services so kindly rendered.

MRS. MELENDY & FAMILY.

IN MEMORIAM

In loving memory of Albert Joseph Bouleux who passed away on July 6, 1946.

Life is gone but not forgotten. In our lonely hours of thinking, thoughts of him are always near. Days of sadness will come over us. Friends may think the wound is healed but they little know the sorrow. That lies within the heart concealed. Always remembered in prayer by his loving wife and son Victor.

NOTICE—THE ANNUAL MEETING of the shareholders of Meadowbrook Ltd. will be held on Wednesday July 24 in the Hall at 900 a.m. All shareholders are requested to be present. See the minutes. Secretaries. 1318

sary of the church services.

The Namaka School picnic which was to have been on Friday 28 had to be postponed on account of bad weather and was held Sunday at the Beaver Dam. The weather was ideal and a large crowd gathered.

Two of the W. A. ladies tied two quilts for the clothing drive at the community Hall July 1st. Coming in the morning and having a pot luck dinner with Mrs. Aitkens, they finished the job at five o'clock.

Mrs. and Mrs. Loy Wheeler motored to Tompkins Sask to visit relatives over the long week end.

Mrs. and Mrs. Moss and family motored to Golden, B. C. to visit a few days with the Watwood family.

Miss Nancy Fawkes of Calgary was home for a few days.

Mrs. and Mrs. Francis Aitkens motored to Calgary Tuesday on a business trip.

Mr. Peter Williams and Mr. Claude Mackie are installing electric lights. Mr. Rudolf Nickel has returned from a trip to B. C. He reports having felt the earthquake shock.

Miss Mary Toews returned from Winnipeg where she has been attending college, and has left for a holiday in B. C.

RURAL GLEICHEN

Mr. and Mrs. A. T. Kott who have been visiting her brother Mr. J. MacMullen, returned to their home in Jamestown N. Dak. last week. They came through Sask. and found the roads dreadful, so took the southern route home.

We are sorry to hear Mrs. Bruce of Calgary injured her arm quite severely. Anna MacMullen is staying with her aunt for a while.

Mrs. Burniece McKeever accompanied Mr. and Mrs. R. B. Hayes to Turner Valley to attend Howard Robson's wedding. The wedding was Saturday in Black Diamond with the reception at the home of Mr. and Mrs. Barnister in Turner Valley.

Selma Sammons who has been working in Calgary is now at the Cascade Hotel in Banff.

Sarah MacMullen who has been enjoying her holidays at home returned to General Hospital in Calgary Sunday.

The regular meeting of the U.F.W.A. was held a week ago Thursday at the home of Mrs. McLeay in Gleichen. After the business session, a very interesting and instructive talk was given by Miss Davis, the district nurse, on common happenings in the home. Lunch was served by Mrs. J. R. Burnie and Mrs. Quinnell.

Mr. Adolph Plante and son Kenneth from north of Edmonton are visiting their brothers Wilfred and Almie, and are hoping to buy a farm in this district.

Mr. and Mrs. Ted Steinhart who have been visiting the west on their honeymoon visited his sister Mrs. G. Stott a few days last week. They were on their way back east.

Mrs. and Mrs. Denton Sammons, Beverly and Georgina left the first of the week for Edmonton for a few days. The crowd was not very large at the dance at Meadowbrook last Friday night, but the music by Harold Anderson's orchestra was very good, and all had a good time.

Mrs. Mary Marcellus of Calgary spent a week with her aunt Miss M. Goodwin.

CHANCELLOR

By Mrs. J. M. W.

Mr. and Mrs. H. F. Fenske entertained 29 guests at dinner on Saturday eve in honor of Mr. and Mrs. C. P. Dahl who are leaving the district. Many good wishes were extended to them and on behalf of their friends Mrs. J. M. Wheatley presented the couple with a beautiful gold and white table lamp. Both Mr. and Mrs. Dahl responded, and thanked their friends in a very delightful manner.

Lt. Col. Charles and Mrs. Piper of Hannibal, Mo. U. S. A. are visitors of Mr. and Mrs. C. P. Phillips for a few weeks.

Mr. and Mrs. Reller, Mr. and Mrs. H. Nelson and Mr. and Mrs. Eric Petersen of Calgary were week end guests of Mr. and Mrs. N. I. Hansen.

Mrs. Lester Mann underwent an operation in a Calgary Hospital this week. We understand she is doing very well. Best wishes Sue.

The deepest sympathy of the community is extended to Mrs. Gothard Nielsen and Mr. and Mrs. Godfrey Nielsen in their very sad bereavement.

Miss Betty Angel will attend summer school in Edmonton this season. We are glad to learn that she is returning to teach school here next term. Chancellor was well represented at the Standard Sports on July 1st.

Miss Marian Ellison of Calgary is spending a week with Marjorie Rasmussen.

Mr. and Mrs. George Sproule have returned from a holiday in B. C. Mr. and Mrs. Melville Sproule came home with them.

Miss Ruby Knudson has been visiting her relations at Idleleigh.

July 1st Sports Day

Continued from Page One
as they faced this youthful parade, and took considerable time in reaching a decision.

Winner of the contest was Miss Conale Wilson, 2nd, Miss Pat Herman, 3rd; Phyllis Hartel; 4th, Loretta Harwood; 5th, Ruth Ostergaard.

Following the contest, a number of swimming games were held for young boys and girls in the pool.

The baseball tournament evinced a great deal of interest among the fans, and continued all afternoon to be one of the most attractive features of the Sports Day. Cars lined the park all round on three sides and huge crowds rooted and tooted.

Drawn in the first game, Strathmore played Nightingale, and won by 5-3. In the second event, Rockyford came up against Beiseker, and lost out.

Playing the final game just after supper-time, Strathmore came up strong against Beiseker to win the game and the tournament by 14-0. Carnival games busy.

A feature of the day was the group of carnival games, wheels, bingo, raffles and draws to be found in both grounds. Added to this were two refreshment booths which in each case did a landlubber business and which could have done more had there been more material. Large crowds patronized the various games of chance and skill, and much merriment was produced.

A carnival was held with these same games and booths in the skating rink on Saturday night, as a forerunner to the main event on Monday.

Winding up the day was a dance in the Memorial Hall, a large crowd turned out to enjoy the final part of the holiday. Immediately prior to supper, the draws for the various raffles were held, with President-elect Charlie Harvey conducting the drawing.

Winners in these contests were, Woolly Lamb, Mrs. Gladys Morgan; seven pairs of nylon stockings, Mrs. Charlie Bennett, Miss Clara Stabler (two pair), W. E. Springthorpe; Walter Boissevain; Miss Helen Way, Mr. Louis Grudler; for the three hampers, Mrs. S. C. Sorensen, Mrs. J. McKie, and Mrs. Charlie Scott.

Winner of the Million Dollar Baby was Mrs. W. F. Harvey of Red Deer. There was \$150 on the doll, and so Mrs. Harvey wins the doll and \$75.00.

Final returns on the day amounted to \$1582 gross. Bills are not all in yet.

Water, Sewage

(Continued from Page One)

pointed out that an inquiry had elicited the fact that with water and sewerage in town, this area would come under the regulations of the National Housing Act. This Act does not apply in town, and extension of its benefits to this section might mean considerable building of private homes by small home-builders who cannot at present afford to erect their own homes.

In discussion as to where the water and sewerage system would run, it was stated that the latest plan included every house in town lots on the south side of the track, with the exception of acreage lots, and the Cassidy house, the last one on the road north. Here the drop in ground level is so abrupt as to necessitate a very deep level in the pipeline by the time it reached the middle of town, let alone the disposal field.

Coull enter into discussion with the Wheatland School Board with a view to seeing what arrangements might be made in order to include the Strathmore School in the system. It was pointed out that they would be very near the sewer line, and might easily tie onto that, and that insofar as water was concerned, it would in all probability be cheaper to install a pressure system, than extend the pipeline so far for an individual user.

The business section really needs the system, it was pointed out, and unless some provision is made to install something in this nature, some of the businesses would be forced to go ahead and make substantial installations of their own.

Hooking up would not be compulsory. It was pointed out, even if the pipeline might run right by the property. Property owners would not be charged frontage tax on vacant lots owned by the Town, it was ascertained, but only on lots owned by them. Such lots wherever they might be, whether built on or not, would be subject to the frontage tax of ten cents per foot for each service, annually. If the number of users came up to estimates, it was shown, this was the only charge that would likely be made on taxes.

Following considerable discussion of the various systems possible to install, a poll tax was taken among those present to determine their wishes. Five questions were voted on: 1. Installation of a complete water and sewerage system, with overhead tank and fire-fighting equipment, costing approximately \$96,000; 2. Installation of a water and sewerage system, with ground reservoir and no fire-fighting apparatus, costing approximately \$86,000; 3. Installation of water only; 4. Installation of sewerage only; and 5. No change from the present.

A total of 69 votes were taken, and resulted in the following count: 1-64, 2-0; 3-0; 4-1; 5-4. With this overwhelming vote in favour of a complete system as can be installed, the Council informed the meeting that they would now take steps to present the matter to the Board of Utilities, and such other matters as would be necessary.

A hearty vote of thanks for the work the Council have put themselves to in this time-taking business was given by all present.

STANDARD

Mr. and Mrs. N. O. Nielsen of Eugene, Oregon are visiting their daughter and son-in-law Mr. and Mrs. Sigurd Rasmussen.

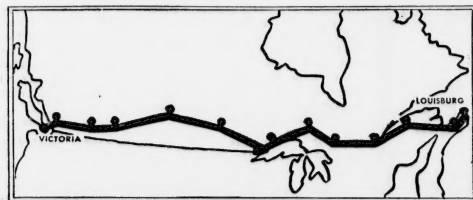

The Young People held their annual picnic on Sunday at Beaver Dam. A good time was reported.

The sympathy of the entire community is extended to the family and immediate relatives of Mr. Goddard

Brigadier R. A. Macfarlane, D.S.O.

1946 Stylemaster Sedan Makes First Trans-Canada Trip to Win Todd Medal for Brig. R. A. Macfarlane

DOWN "CANADA'S MAIN STREET"—The Trans-Canada Highway, which links province to province, from sea to sea, and opens the way to a great new era of tourist travel.

Rolling along "Canada's Main Street"—the Trans-Canada Highway—from coast to coast, Brigadier R. A. Macfarlane, D.S.O., at the wheel of a new 1946 Chevrolet Sedan, has just completed the first ocean-to-ocean automobile trip without leaving Canadian soil.

To win the A. E. Todd Gold Medal—offered in 1912 by the Mayor of Victoria—Brig. Macfarlane left Louisbourg, Nova Scotia, with the salt of the Atlantic on his rear wheels, and after nine days of driving he arrived in Victoria, Vancouver Island, B.C., and dipped his front wheels in the Pacific, having covered

4,743 MILES

The Chevrolet used was a stock 1946 model powered with a standard six-cylinder valve-in-head engine. It was selected by Brig. Macfarlane—who held the responsible posts of Director of Mechanization and Deputy Master-General of Ordnance, at Defence Headquarters, Ottawa—because he is convinced that a "sturdy, light, economical passenger car is ideal for the average Canadian citizen." With his extensive experience of army vehicles, on the testing grounds and on active service in two wars, Brig. Macfarlane made the new Chevrolet his choice for his history-making trip—another "first" for Chevrolet!

MEARING THE END OF THE TRAIL—J. V. Johnson and George Warren of the Victoria Automobile Club, meet Brigadier Macfarlane and his Chevrolet a few miles outside Victoria and escort him into the City.

THROUGH THE ROCKIES—The Chevrolet spent thrilling hours skirting sheer precipices and climbing high mountain roads before it encountered this quiet little valley in Canada's Rocky Range.

THE AWARD—Winning of the Todd Medal, offered in 1912, became possible with completion of the Trans-Canada Highway. It is now awarded to Brig. R. A. Macfarlane for the first authenticated journey from Louisbourg, Cape Breton, to Victoria, B.C., over a specified all-Canadian route.

THE PACIFIC!—After 4,743 miles of rapid, trouble-free driving, Brigadier Macfarlane and his co-driver dip the front wheels of their Chevrolet in the Pacific Ocean—to win the A. E. Todd Gold Medal.

Local News Items

Mr. and Mrs. Bill Morgan spent the holiday weekend visiting with friends at Banff.

Graham and Chester Tench were home for the holiday week end.

Visitors at the home of Mr. and Mrs. Tench were Miss Margaret Gasswick and Mr. Lawrence Bruce of Calgary, friends of Grace and Graham respectively.

Mrs. John Karroll and small son Johnny of Weyburn Saskatchewan, have been visiting her relatives Mr. and Mrs. W. F. Bazant; and Mr. and Mrs. Hermanson during the week end.

Mr. and Mrs. Bill Morgan spent the week end visiting with friends at Banff.

Mr. and Mrs. Kramer Ruppe are spending his leave at home. Kramer has some thirty days before he must report back to his base. Both Kramer and Mrs. Ruppe, the former Hillev Nilsson, are well known in and about Strathmore.

Mr. Jack Crellin left Monday for Sarcee where he will spend the summer as a training officer at the cadet camp. Later on he will be attending a series of lectures for himself, but in the meantime, all of his work will be with the boys.

Mr. Fred Hirtle spent the holiday week end in Strathmore, playing on Monday with the band. "Pop" Hirtle was again with the band, also, enjoying himself on Saturday evening and on Monday at the Sports events.

Mr. and Mrs. Melville E. Willson and children, Rusty and Lynne, of Fresno, California, have arrived by motor and are visiting the latter's parents, Mr. and Mrs. J. G. Porteous. Mrs. Willson and children will spend the summer, while Mr. Willson will leave by plane next week for California.

Miss Betty Dick, of Vancouver, who has been visiting at the home of Mr. and Mrs. George Koch for the past week, left Tuesday evening for home.

Mr. and Mrs. Anton Pierson journeyed down from Calgary for the Lions Sports Day.

Mr. Walter Mercer is able to be out again, with the aid of a stick, and is looking much better. Friends will be glad to see the improvement. He is going to Calgary again this weekend for further treatment.

Mr. Pete Siemens is home again from his holiday at the West Coast, reporting a very good time.

Mr. and Mrs. D. E. Englund and Pearl left last Friday for an extended trip to the States. En route they will be stopping at Denver, Kansas City, Missouri, and Minneapolis. Miss Opal Englund will be leaving somewhat later and flying down to Minneapolis, where she will join the rest of the party.

Ralph Ringdahl and Josie are visiting with Mr. and Mrs. Rellingner for some time during the holidays. They arrived in town over the holiday weekend.

Farmer McGregor Runs Into Trouble

(American Hereford Journal)

This is the story of Farmer McGregor and his troubles. He got his wheat planted after many tribulations, but couldn't get a harvesting machine when it was ripe. So he started looking for a hired man to cradle, by hand.

"Who will get me a hired hand?" asked Farmer McGregor.

"Not I," said the Employment Service. "We are having trouble locating welders at \$140 a week, and precision-tool jiggers at \$23 a day, and we don't know a soul that can cradle wheat."

"Not I," said the local draft board. "You better find a school kid."

"Not I," said the high school principal. "This week we're helping the grocer paste ration coupons."

"Not I," said the county agent. "We're busy now teaching women to make plum jam without sugar, syrup, molasses or plums."

"Not I," said the local defence

plant. "We are on a cost-plus basis, and absenteeism costs \$10.00 a minute."

"Not I," said the Manpower Commission. "We are working on your problem, but just at present there is a shortage of stenographers."

"Not I," said the War Production Board. "You haven't made the proper application."

"Not I," said the Food Co-ordinator. "I will issue a directive soon."

"Not I," said the Lend-Lease Authority. "We are powerless to act under existing regulations."

"Not I," said the Congressional delegation. "Without fear of contradiction we may infer that democracy is at the cross-roads, and the flag of freedom must be unfurled from the pinnacle of the globe with blood, sweat and tears until man can again have in the freedom we fought so valiantly to perpetuate."

"Not I," said the neighbors. "We are working in the shipyards."

So Farmer McGregor, with the

assistance of his grandmother, harvested the wheat.

"Now," said Farmer McGregor, "who will help me eat this nice clean wheat?"

"I will," said the county chairman, the dealers, the machinery people, the employment service, the draft board, the county agent, the defence workers, the high school teachers, the Manpower Commission, the War Production Board, the Food Administration, the welders and the shipfitters, the Lend-Lease Authority, the neighbors, the army, navy, coast guard, marines, airplane spotters, WAC's, WAVES, SPAR's, WAAF's, Russians, British, Chinese, South Americans, Hindus, Eskimos, Mrs. Roosevelt, Congress, the Maritime Commission, the U. S. O., the National Association of Manufacturers, Secretary Ickes, the A. F. L., the C. I. O., and everybody else from Sitka to Casablanca, from Istanbul to Vladivostok, from Maine to California, until the hubbub was unanimous. (Brooks Bulletin)

Mr. and Mrs. Gaylon Robison are spending a short time in Strathmore with Gay's parents, Mr. and Mrs. Joe Robison.

Ray and Elsie Bower arrived in town last weekend to spend a few days visiting with parents of both.

Mr. and Mrs. Spence Hughes entertained at Sunday dinner for Mrs. T. B. Hughes, Misses Gladys and Edith Hughes, the latter of Calgary, and Mr. and Mrs. Henry Hilton. Mr. and Mrs. Hilton moved into their new home in Calgary on Wednesday.

Many Strathmoreites were glad to welcome Mr. and Mrs. C. F. Nichol to town for the Lions Sports Day. They visited at the Berry farm.

Among others at the Sports Day on Monday were Harold and Mrs. Baker, for some time residents with the CPR.

Mr. and Mrs. L. F. Maggs reported back from their holidays over the weekend, having had a glorious time. After taking a day to turn over, Mr. Doug Robertson, relieving manager, returned to Calgary.

Mrs. M. A. Folk has as her house guest for a week, Mrs. Mull of Vancouver.

Honouring Miss Betty Dick of Vancouver, Miss George Koch entertained a few of the young people of Strathmore on Saturday evening. Much jolly chat, and delicious refreshments served to make a very enjoyable evening.

Mr. and Mrs. Max Walls are visiting with her sister, Mrs. Ian McKenzie, for a short time. They came up from Brooks a few days ago.

Mr. and Mrs. Holmsberg, nee Eileen Werling, are visiting at the F. B. Jones home for a short time. Eileen is well known around Strathmore, where she attended school for a number of years.

Mrs. Mackie entertained a number of the younger crowd of boys and girls around Strathmore last Thursday evening, on the occasion of her son Robert's fourteenth birthday. Around a campfire and roasting wieners, the boys and girls presented Robert with a fountain pen.

Miss Eileen Wayne of Calgary is visiting with her sister, Mrs. Ruby Brown for several days.

Mr. Archie Gray and son Robbie, of Lacombe, are visiting with Mr. R. E. Gray for a short time.

Miss Bertha Love, of the Royal Bank staff, goes on holidays this week end. She will have three weeks and will spend them in Calgary and Lloydminster.

Mr. and Mrs. A. P. Gray and small daughter, were busy renewing old friendships in Strathmore over Wednesday and Thursday. On holiday for a week, they are spending part of it in Calgary, and part in Strathmore.

Messrs. T. S. Hughes, A. V. McFarland, and Anton Pierson are leaving for a short fishing trip this week end. They plan to work over the Kananaskis area this trip.

The vulcanizing plant operated in Donly Motors by E. J. Brailsford has been taken over by O. O. Donly. Mr. Brailsford is returning to Calgary.

WATCH THE SUMMERFALLOW

Don't take on more summerfallow than you can handle, advises H. J. Mather, Supervisor of Soil Conservation. Weeded control. The chief reason in the past for failure to control weeds by summerfallow, was that the farmers took on more than they could cultivate properly during the harvest rush.
